9. Examination Regulations

9.1 Semester Final Examination

At the end of each semester a student has to appear in the final examination for his/her registered courses. The duration of the final examination for each 3 credit courses will be 3 hours. A student who will absent for more than 25% of total class without any acceptable reason, he/she will not be allowed to sit for the semester final examination of the respective courses.

9.2 Course Assessment

Students' performances in a course will be evaluated in the following way:

Components	Weight [Marks]
Class Attendance	10
Mid-Term I Examinations	20
Mid-Term II Examinations	20
Case Study/Assignment/ Presentation/Quiz Test /Class Test	20
Final Examinations	30
Total	100

9.3 Research Project

After successful completion of all required courses, students shall have to submit a research project of 3 credits in partial fulfillment of the requirements for the degree. The student shall be required to present his/her research outcomes on a date set by the Coordination Committee. The student must satisfy the board of examiners that he/she is capable to implement a research project, to undertake independent work and also to demonstrate satisfactory knowledge related to the theory and techniques used in implementing the project work.

9.4 Nomination of Project Supervisor

Research work for a student shall be carried out under the supervision of a full-time faculty member of the program. After receiving an application (in a prescribed form) with a project proposal from each student at the beginning of the final semester, the Coordination Committee will nominate the supervisor to guide the student.

9.5 Research Project Evaluation

The Coordination Committee will set and appoint the examiners to evaluate the research projects. The supervisor will be the first examiner and the second examiner should be another faculty member of this program. For the purpose of assessment, 100 marks will be assigned to the project work of 3 credit hours.

9.6 Grading System

Students will be awarded with grades in each course as per the following grading policy, which is approved by the University Grants Commission (UGC):

Grade	Grade point	Marks
A+	4.00	80% & above
A	3.75	75% - 79%
A-	3.50	70% - 74%

B+	3.25	65% - 69%
B	3.00	60% - 64%
B-	2.75	55% - 59%
C+	2.50	50% - 54%
C	2.25	45% - 49%
D	2.00	40% - 44%
F	0.00	Below 40%
I	Incomplete*	

*Incomplete means 'not appearing at the final examination/discontinuation of a course'.

9.7 Calculation of GPA

Grade Point Average (GPA) is the weighted average of the grade points obtained in the courses passed by a student in a semester. For example, if a student passes four courses in a semester having credits of E1, E2, E3, E4 and his/her grade points in these courses are G1, G2, G3, G4 respectively then.

$$\text{GPA} = \frac{\sum E_i G_i}{\sum E_i}, \text{ where } i = 1 \text{ to } 4$$

An Example

Suppose a student has passed 4 courses in a semester and obtained the following grades.

Course	Credit	Grade	Grade Points
MAE 501	3	A+	4.00
MAE 502	3	B+	3.25
MAE 503	3	A	3.75
MAE 507	3	B	3.00

Then his/her GPA in that semester will be computed as follows:

$$\text{GPA} = \frac{3(4.00) + 3(3.25) + 3(3.75) + 3(3.00)}{(3+3+3+3)} = 3.50$$

Cumulative Grade Point Average (CGPA) will be calculated considering all the grade points earned by a student in different semesters.

9.8 Earned Credit Marks

- Courses in which a student gets "F" grades shall not be counted towards credit requirements and for the calculation of Grade Point Average (GPA).
- If a student does not appear in the final examination, he/she will get "I (Incomplete)" grade. In that case, he/she may be allowed to sit for the Re-take examination arranged by the Coordination Committee within a shortest period of time after publishing the semester results.
- If a student get "F" grade in any course in a semester, he/she may be allowed to sit for the Re-take examination.
- If the student appear in the Re-take examination, he/she has to re-register (repeat) that course in the following available semester.
- If a student wants to improve the grade point obtained in a course, he/she may be allowed to appear at the Re-take examination provided that his earned grade point in that course is less than 2.50. A student will not be allowed to improve his/her grade in more than 2 (two) courses during the entire program.
- A student may be permitted to withdraw or change his/her registered course(s) within three working weeks of the commencement of the semester. If a student fails to withdraw the course and does not appear in the class tests/final examination his/her grade in that course shall be recorded as "I" (incomplete). In

that case, he/she has to register (repeat) that course in the following available semester.

9.9 Special Examination

A student unable to complete the program within 6 (six) consecutive semesters from the date of admission may be allowed to sit for special examination with special recommendation of the Coordinating Committee. In that case, special examination fees will be charged.

9.10 Result Publication

The Coordinating Committee will prepare the final results and the office of the Controller of Examinations of this university. The Controller of Examinations will make arrangement to publish the results officially and issue the certificates as per the rules of the university.

9.11 Degree Award

A student will be awarded the degree of **Master of Arts in Economics/ Master in Development Studies (MDS)** after successful completion of all pre-requisite courses, required courses and a research project having an overall CGPA of 2.50 or above.
